

WHAT ARE THE PROPOSED CHANGES TO OUR COLLECTION?

Instead of a contracted arrangement, Council will use its own staff and its own trucks to collect household garbage and recycling bins.

WHAT AREAS ARE AFFECTED IN THIS STAGE OF THE TRANSITION?

Garbage and recycling services west of Bullioh (including Old Tallangatta and Georges Creek).

Council already collects garbage and recyclables from the eastern side of the Shire. Implementing stage 2 of the transition will complete the withdrawal from contracted arrangements.

I LIVE IN TALLANGATTA. HOW DO THE CHANGES AFFECT ME?

From the week commencing Monday 18 May, households within the area bordered by Queen Elizabeth Drive (QED) and the north side of Towong Street between the two entrances of QED (even-numbered households between 18 Towong Street and 54 Towong Street), will have their bins collected on Mondays. Households located in other parts of the town will have their bins collected on Wednesdays.

This change was necessary to achieve the most efficient collection routes, considering factors such as the load capacity of the trucks and the distance that can be driven in a day.

CAN I STILL RECYCLE THE SAME MATERIALS AS BEFORE?

Yes, and please do! Recycling is a win/win situation. Visit www.getitrightonbinnight.vic.gov.au to find out about the huge range of waste from your home that can be recycled – you might be surprised!

CAN I GET A DIFFERENT SIZED BIN?

If you find that your bins are not the right size for your needs contact Council for a possible solution that will suit. Options include larger garbage or recycling bins or additional bins.

PLEASE PLACE
BINS OUT THE
NIGHT BEFORE
COLLECTION DAY

KERBSIDE BIN COLLECTION SERVICES ARE CHANGING

Stage 2 – May 2015

A LOCAL APPROACH TO BIN COLLECTIONS

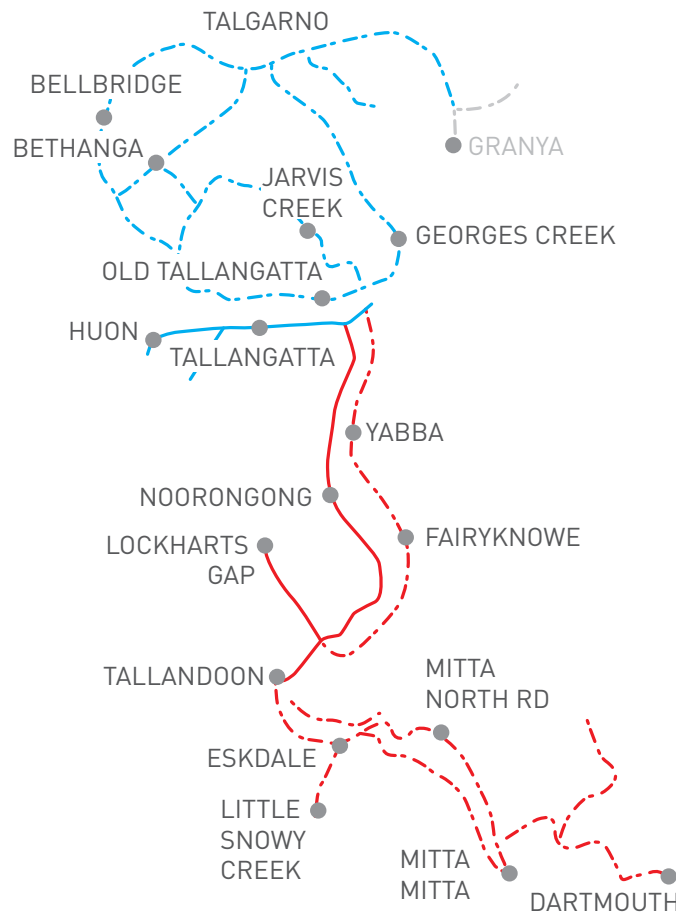

During May 2015 Council will commence collecting garbage and recycling bins directly from households in the west of the Shire including the Mitta Valley, Peninsula communities as well as Tallangatta township and surrounds. This stage completes Council's withdrawal from contracted collection arrangements.

From the week commencing 18 May, Council will collect garbage and recyclables from the routes shown on this map.

Garbage bins will continue to be collected weekly and recycling bins will continue to be collected fortnightly.

Our changed approach to this essential community service will deliver positive cost, environmental and local employment outcomes.

DO YOU HAVE A KERBSIDE BIN COLLECTION ON ONE OF THESE ROUTES?

IF YOU ARE ALONG THE ROUTE MARKED -----

- Your bins will be collected on MONDAYS
- Your fortnightly recycling bin collection will start on MONDAY 18 MAY

IF YOU ARE ALONG THE ROUTE MARKED _____
