

## BASE SCHEME ; PLAYSPACE WORKS

### SCOPE OF WORKS

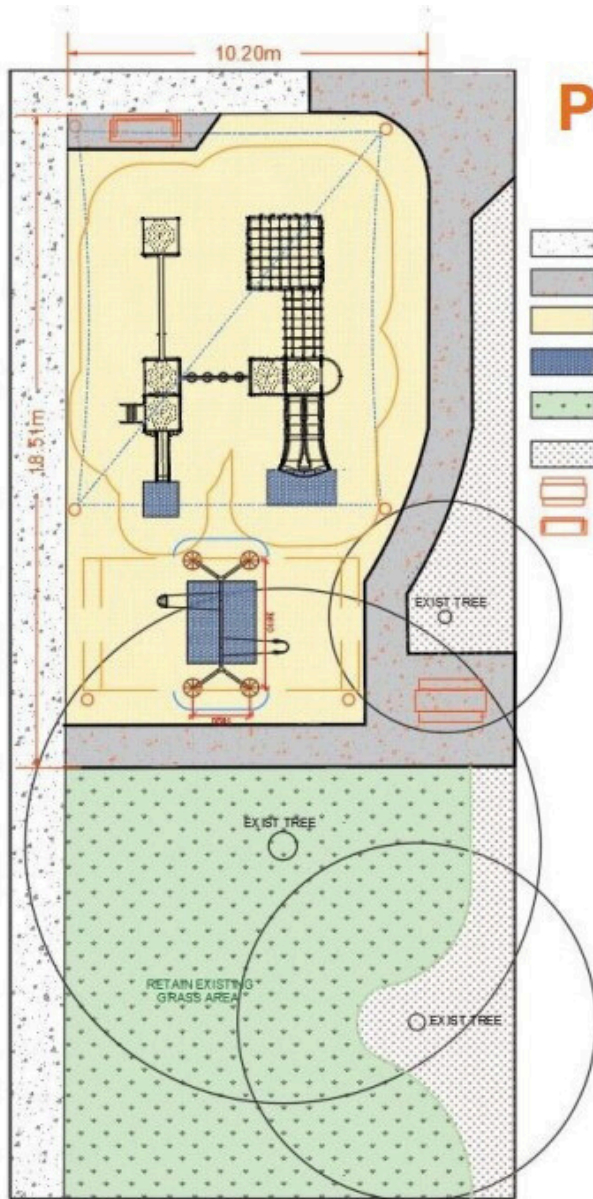

- Service location
- Supply & install temporary site fencing (*note -there will be no access to reserve/ public toilet facilities for the duration of works*)
- Demolish existing play unit & remove / dispose from site
- Supply and install new play equipment as per proposal (scrape area to level, set out and auger footings, assemble components).
- Supply and install accredited loose bark type softfall mulch to meet AS4422
- Base scheme supplied with bark softfall only (refer Provisional Items for rubber options as shown in image).

NOTE – A request was made via the “Before You Dig” portal for service locations within the intended site with inconclusive results.

The proposed plan / costings are based on the area being free of underground services and/or obstructions –the results of service location visit may require a variation, or render the quote null and void.

# PLAYSPACE PROPOSED EQUIPMENT & LAYOUT

## MULTI-AGE PLAY MODULE -

A rock climbing wall, rope play, and colorful jungle gym were some of the play options mentioned in the Community Feedback, as was a baby slide, monkey bars and a spider web. This play unit incorporates all of these activities, as well as a glider rail as a compromise for a flying fox (where a full size unit would not fit the space or budget).

*The play activities listed in the Community Feedback as desirable to be included were carefully considered when selecting the new play items.*

*Replacing the existing play module with a much larger combination play unit, together with a double swing provides a variety of play options for a range of ages in a relatively compact space.*

*The play equipment is low maintenance metal powdercoat which provides opportunity for a fun & fresh new color scheme to brighten up the playspace.*

*(Colors shown example only –client to confirm prior to ordering units)*

DOUBLE SWING - A sturdy A- frame supports a strap seat, and high backed infant seat allows people of all ages to use.

WALWA ALL AGES PLAYGROUND - TENDER PROPOSAL
